

MBLWHOI Library's Institutional Repository Stewardship Responsibility

WHOAS

The mission of the Woods Hole Open Access Server, WHOAS is to capture, store, preserve, and redistribute the intellectual output of the Woods Hole scientific community in digital form.

WHOAS: <https://darchive.mblwhoilibrary.org/>

The screenshot displays the WHOAS (Woods Hole Open Access Server) website. The header features the WHOAS logo, the text "WHOAS: Woods Hole Open Access Server", and the tagline "a repository for the Woods Hole scientific community". Navigation links for "Login" and "About WHOAS" are in the top right. A dark grey bar below the header contains a "WHOAS Home" link with a house icon. The main content area is divided into three columns. The left column has a search bar and a "BROWSE" section with a list of filters: "All of WHOAS" (selected), "Communities & Collections", "By Issue Date", "Authors", "Titles", and "Keywords". Below this is a "MY ACCOUNT" section with "Login" and "Register" buttons. The bottom section is "DISCOVER", with "Author" selected, showing a list of authors: "Moore, Alicia Hills (367)" and "Hamburger, Viktor, 1900-2001 (296)". The middle column contains a "Welcome to the Open Access Server of the Woods Hole Scientific Community." message, contact information for the project manager (whoas@whoi.edu), and a "Communities in WHOAS" section listing "International Association of Aquatic and Marine Science Libraries and Information Centers (IAMSLIC)", "Marine Biological Laboratory (MBL)", "MBLWHOI Library", and "SEA Education Association (SEA)".

- Preservation plan
- Data quality
- Workflows
- Data discovery and identification
- Data reuse
- Technical infrastructure
- Security

Assembly of Reviewers

[Home](#) > [About](#) > [Assembly of Reviewers](#)

CoreTrustSeal Trustworthy Data Repositories reviews are undertaken by qualified members of the *Assembly of Reviewers* consisting of:

- Qualified volunteer Reviewers designated by CoreTrustSeal certified Repositories
- CoreTrustSeal Board
- WDS Scientific Committee members part of a CoreTrustSeal certified data repository

Members of the Assembly of Reviewers can stand for election to become members of the [CoreTrustSeal Board](#) and vote in elections (one vote for each CoreTrustSeal certified Repository, see [Article 2 of the Rules of Procedures](#)).

Members

1. **Alison Fernie** (UK National Geoscience Data Centre)
2. **Aude Chambodut** (International Service of Geomagnetic Indices)
3. **Birger Jerlehag** (Swedish National Data Service)
4. **Chenzhou Cui** (Chinese Astronomical Data Center)
5. **Dave Connell** (Australian Antarctic Data Centre)
6. **Dawei Lin** (ImmPort Repository, DAIT-NIAID-NIH, CoreTrustSeal Board)
7. **Dean Carter** (World Data Service for Paleoclimatology)
8. **Debbie Roth** (Woods Hole Open Access Server)
